

Shravankumar Bhavrlal Patel

MCA Student | Full-Stack Developer (React, Node.js, React Native) | AI-Powered Web & Mobile Applications

 shravan.b.patel954@gmail.com  +91 8104479942  [LinkedIn](#)  [GitHub](#)  [Portfolio](#)

PROFESSIONAL SUMMARY

MCA student and Full-Stack Developer with hands-on experience designing, building, and deploying production-ready web and mobile applications using React.js, React Native, Node.js, and MongoDB. Experienced in integrating AI APIs into real-world products — from AI-adaptive learning platforms to mental-health analytics — and owning projects end-to-end from system design to deployment. Currently building a Depression Risk Detection Android application using React Native. Actively seeking software engineering internship opportunities.

EDUCATION

Master of Computer Applications (MCA) <i>Bharati Vidyapeeth Institute of Management & IT (BVIMIT), Navi Mumbai</i>	Sep 2025 – Present
B.Sc. in Computer Science <i>N.E.S. Ratnam College of Arts, Science & Commerce, Mumbai</i>	2022 – 2025
Higher Secondary (PCMB) <i>Raminiranjan Jhunhunwala College, Mumbai</i>	2021 – 2022

TECHNICAL SKILLS

Languages	JavaScript, Python, Java
Frontend	React.js, React Native, HTML5, CSS3
Backend	Node.js, Express.js, Spring Boot
Databases	MongoDB, PostgreSQL, Firebase Firestore
Mobile Dev	React Native (Android & iOS), Expo
APIs	REST APIs, Google Gemini API, LLM Integration
DevOps	Docker, CI/CD Pipelines, Render, Railway, Vercel
Tools	Git, GitHub, Postman, VS Code
Core CS	Data Structures, Algorithms, Object-Oriented Programming

PROJECTS

Depression Risk Detection – Android App (React Native) <i>Mobile Application React Native, Expo, AI APIs, Node.js</i>	2025 – Present <i>[In Progress]</i>
---	-------------------------------------

- ▶ Currently building an Android application that detects depression risk through conversational AI-driven assessment and behavioural pattern analysis.
- ▶ Leveraging React Native & Expo for cross-platform mobile development with a native Android feel.
- ▶ Integrating Google Gemini API for NLP-based mood and sentiment analysis, and generating personalised mental-health insights.
- ▶ Designing a Node.js backend to handle secure data storage, user history, and risk-scoring algorithms.
- ▶ Prioritising privacy-first architecture with encrypted storage and anonymised analytics.

StudyBuddy – AI-Powered Adaptive Learning Platform <i>Full-Stack Web App React.js, Node.js, MongoDB, Google Gemini API</i>	2024
--	------

- ▶ **Live Demo:** <https://studybuddy-kc2m.onrender.com/>

- Built and deployed a full-stack AI-driven learning platform delivering personalised study recommendations based on learner performance.
- Designed end-to-end architecture covering React.js frontend, Node.js/Express.js backend, MongoDB database, and cloud deployment on Render.
- Integrated Google Gemini API for dynamic content generation and adaptive quiz personalisation.

Prepa – AI-Powered Interview Preparation Platform

2024

Full-Stack Web App | React.js, Firebase, Speech-to-Text, AI Analytics

- **Live Demo:** <https://prepa-d7e15.web.app/> | Source: [GitHub](#)
- Designed and developed a full-stack interview prep platform with video recording, speech-to-text transcription, and AI-driven performance analytics.
- Integrated Firebase for authentication, Firestore as the backend, and Google Speech-to-Text for real-time answer transcription.
- Built AI evaluation workflows that score responses and surface personalised feedback to users.

AIO – Academic Information Organiser

2024

Full-Stack Web App | React.js, Node.js, MongoDB

- **Live Demo:** <https://aio-5igz.onrender.com/> | Source: [GitHub](#)
- Built a centralised academic information portal to help students organise schedules, deadlines, and resources.
- Focused on user-friendly design, efficient data management, and a clean REST API layer.

Lakshwear – E-Commerce Platform (Startup Collaboration)

2023 – 2024

Full-Stack Web App | React.js, Node.js, MongoDB

- **Live:** <https://lakshwear.in/>
- Collaborated with a fashion startup to develop and optimise their production e-commerce platform.
- Improved UI/UX design, integrated backend cart and order management features, and deployed to a live customer-facing environment.

CERTIFICATIONS

- Full-Stack Web Development – DevTown
- Web Development Training (8 Weeks) – Internshala Trainings | Dual Certified: Skill India / NSDC & Internshala (Issued July 2025)
-
